EMPOWERING REFUGEE WOMEN FOR SUCCESS IN HOSPITALITY CAREERS

About EmpowerHer

EmpowerHer is an Erasmus+ project dedicated to uplifting refugee women by providing them with tailored vocational and language training, digital tools, and a supportive community framework. This initiative aims to break down barriers to employment in the hospitality sector, empowering women to gain independence, skills, and confidence in their host countries.

Our Mission and Vision

Our mission is to empower low-qualified refugee women with the essential skills, language abilities, and community support needed to achieve meaningful employment in hospitality.

We envision a sustainable inclusion model where women thrive in new environments, create professional and social networks, and bring diversity to the workforce.

Project Objectives

- Provide high-quality training for hospitality roles by preparing participants for roles like kitchen assistant, stock management, housekeeping, and front desk operations with targeted, practical training.
- Support language acquisition by enabling women to learn job-specific language skills, moving from beginner (A0) to intermediate (B1) levels, so they can confidently communicate in the workplace.
- Create community and mentorship opportunities by fostering a peer-to-peer support network where participants can share experiences, learn from each other, and navigate their integration journey together.
- Utilize digital and VR tools by integrating Virtual Reality and digital resources to offer immersive learning experiences, enabling practical skill development in a simulated environment.

Target Groups

- Low-qualified refugee women facing employment barriers due to language and skills gaps.
- VET professionals who will be trained to support the learning and integration of refugee women.

Core Activities and Training Model

Training Toolkit for VET Professionals

- We provide a comprehensive toolkit for Vocational Education and Training (VET) professionals, equipping them with innovative resources and culturally sensitive training methods.
- Key Features are best practices, trauma-informed teaching strategies, and VR-enhanced materials for hands-on learning.

Profession-Specific Language Curriculum

- A specialized language training curriculum to help participants learn essential terminology and phrases for hospitality roles, improving job readiness and workplace communication.
- Language goals include transition participants from A0 to B1 proficiency, enabling them to handle job-specific interactions with confidence.

Peer-to-Peer Mentorship and Skill-Sharing Model

- We foster a supportive community network where experienced participants mentor newcomers, creating bonds that enhance social integration and cultural adaptation.

Key Components

- Skill-sharing workshops with small group sessions focused on core hospitality skills.
- Success story sessions whereby participants share achievements to motivate each other.
- Language buddy system, pairing participants to practice job-specific language skills in supportive, informal settings.
- Expected impact is increased confidence, cultural understanding, and social support.

Community and Professional Networking Events

- Hosting networking events where participants can connect with local hospitality employers, VET professionals, and community members.
- Event goals are to build professional connections, enhance employability, and promote awareness among employers of the talents within the refugee community.

Expected Benefits

For Refugee Women

- Increased employability due to the gained skills and confidence for hospitality careers.
- Stronger social connections due to supportive relationships within a network of peers, mentors, and community allies.
- Empowerment and independence to thrive economically and socially.

For VET Professionals

- Enhanced training skills due to a toolkit with innovative, culturally responsive training resources.
- Cultural sensitivity due to the gained trauma-informed teaching approaches for more effective and inclusive training.
- Sustainable training practices, e.g. VR and digital resources that enable effective, scalable training.

For Employers and Community Organizations

- Skilled, diverse workforce due to motivated, well-trained refugee women ready to bring their unique perspectives to hospitality roles.
- Community Engagement due to opportunities to support integration and benefit from a more inclusive workforce.
