

EmpowerHer Partners Unite in Vienna for 3rd Transnational Meeting

Dates: September 4–5, 2025

Location: BEST Institut, Mariahilfer Straße 8, Vienna, Austria

Event: 3rd Transnational Partner Meeting (TPM3)

Right after our successful LTTA training, the EmpowerHer consortium gathered for a two-day Transnational Partner Meeting in Vienna to reflect on recent achievements, review project progress, and define the next strategic steps for the project's implementation.

Meeting Highlights

During the meeting, held at the offices of project partner BEST Institut für berufsbezogene Weiterbildung und Personaltraining GmbH, representatives from all four partner countries—Germany, Austria, Greece, and Spain—reviewed and discussed:

- Feedback from the LTTA and how it will shape the next project phases
- Piloting Plans for Toolkit for VET Professionals and Profession-Specific Language Curriculum
- Peer-to-Peer Learning Guide, its final structure and responsibilities for each partner
- Use of Virtual Reality tool, local integration strategies and next testing phases

The meeting served as a key coordination moment, enabling partners to align their efforts, set clear action plans, and ensure all project milestones remain on track.

Snapshots from Vienna

We thank all partners for their collaborative spirit and proactive engagement. With piloting activities about to begin across all four countries, the EmpowerHer project is entering a truly impactful phase—bringing real change to the lives of refugee women through inclusive, targeted vocational training.
